

During the exams' week, you will sit two **GCSE style** papers: a **Reading** paper and a **Listening** paper. These papers will test your general Spanish comprehension and, in order to prepare for these examinations, you will need to revise both topics studied this year: **Lifestyle** and **Leisure**.

In the weeks following the exams but before the end of term, your teacher will set a **Written** controlled assessment task and a **Speaking** controlled assessment task which you will prepare during lesson time and then complete under controlled conditions. More information on how to do well in these tasks will be given after the exams' week.

You will need to learn:
